Health	9%/D	39%
Govt. Accountability	60%/B+	
Voting Rights	0%/F	

Questionnaire complete incomplete

Council Member Cabrera’s legislative priorities include protecting the vulnerable in our society: children (through legislation on carbon monoxide detectors in schools, structures of school buildings, and penalties for drug use around schools); seniors; and persons with disabilities (legislation calling for efficiency of service in the Adult Protective Services). He also prioritizes protecting and empowering tenants through the Tenants Bill of Rights. His budget priorities included allocating funds to provide every middle school in his district with after-school programming and funding summer sports leagues, cultural activities, equipment, and libraries for schools. He has also allocated funds to several housing organizations that help serve tenants throughout his district.

He has met with the Speaker and the Chair of the Housing and Buildings Committee regarding the Tenants Bill of Rights. He has visited buildings that have fallen into disrepair and hosted forums for tenants and homeowners, providing them resources. He is the Chair of the Technology Committee and the Co-Chair of the Black, Latino and Asian Caucus.
